

# Nishad S

## UX/UI Designer

nishadskumar03@gmail.com

[Behance](#) \* [Dribbble](#)

Bengaluru, India

9740194877

Loyalty, Genuineness and Hardwork are the words which I live by. I put in my heart and soul into the tasks that I am assigned to. I have a strong sense of Creativity, Leadership and Management skills. I am a good team player and try to deliver my best in every aspect.

## Internships

### MaxC Design Studio / UX Researcher

June 2020 - Present

Worked on multiple client projects. The process iterates from performing task analysis, needfindings and requirements gathering, creating user personas, creating high fidelity wireframes and prototyping, evaluating the feedbacks and designing useable interfaces.

### ADDA / Product Specialist

January - April 2020

My primary role was to understand the user requirements and bring in new and efficient functionalities into the product. The process iterates between conducting user research, wire-framing and performing usability testing.

### Shopay / Marketing Analyst

May - July 2019

Worked on Search Engine Optimization (SEO). Was part of the UI design team for both the mobile app and website, also worked on blogging and content marketing.
